Philadelphia Corporation for Aging (PCA), a private, non-profit Area Agency on Aging, was established in 1973 to coordinate social services for Philadelphians who are older or who have disabilities and to assist them in achieving optimum levels of health, independence, and productivity. One of the region's largest non-profit organizations, PCA is funded in part by the federal Older Americans Act, Medical Assistance, and the Pennsylvania Lottery, all channeled through the Pennsylvania Department of Aging.

Guided by its Board of Directors and an Advisory Council, PCA employs more than 650 people and contracts with over 100 community organizations and service providers to deliver a variety of services to more than 100,000 older Philadelphians each year.
